“As well for Jimmy as for me, this year is filled with changes at the home front and we had to temper racing a bit this season. Anyway it itches to get back in the car and I’m glad we can go out to sharpen our senses in September.” Wim Meulders, who isn’t a stranger to the SCC. In 2013 he drove in the SCC with Bert Longin in a Saker RapX, to also sign into the Blancpain GT Series later on.

Jimmy Adriaenssens “Wim and I first met in 2008 when he was competing in the 12h of Spa with the Spork Racing Team. Back then I was still racing a Volkswagen Golf 4 2000cc (an SCC Sports division car), while he drove a Seat Supercopa Mk2. You can clearly see that Wim has the same drive for results as me and that’s why I’m very much looking forward to travel to Kent, UK with him. I’m also very glad to be part of this great championship again and we’re aiming for good results!” Wim Meulders and Jimmy
